

# Lucky Dog

Mark Collie

I can't stand the collar  
It makes it hard to swallar  
But where you go I'll faller  
Hey, I'm a lucky dog I can't get used to gettin'  
All this love and pettin'  
You're about to spoil me rotten  
Hey, I'm a lucky dog I used to be a homeless hound  
Runnin' 'round up and down  
Every street in town When I found you baby  
The one who drove me crazy  
There ain't no ifs or maybes  
Hey, I'm a lucky dog Since my tails waggin'  
My tummy's almost draggin'  
I just can't keep from braggin'  
Hey, I'm a lucky dog I used to be a homeless hound  
Runnin' 'round up and down  
Every street in town When I found you baby  
The one who drove me crazy  
There ain't no ifs or maybes  
Hey, I'm a lucky dog
