Ready, Steady, Go

The Meices

Ready, steady; ready, steady; ready, steady; ready, steady;
Ready, steady; ready, steady; ready, steady; GO!!!!"Ready, steady, go."
And all the things she said
"Ready, steady, go"?
What's goin' to her head?Was the coat a reject from
The wrong side of the tracks
Turnin' into just skin and bones
And by the time I found
Who I was really in love with
It wasn't The Beatles or The Rolling Stones..."Ready, steady, go."
And all the things she said
"Ready, steady, go"?
What's goin' to her head?Make the wheels turn for 48 hours
Skim a little off the top
If you got too close
You could really smell how sour
Women won't let you make it tower...
Ready... Steady... GO!!!!Ready, steady; ready, steady; ready, steady; ready, steady;
Ready, steady; ready, steady; ready, steady; ready, steady..."Ready, steady, go."
And all the things she said
"Ready, steady, go"?
What's goin' to her head?Ready? (ready!!)
Steady? (steady!!)
GO!!!!I'm not in love with the television
I never listen to the radio
If what I say is my final reply
That was pretty good,
Now how 'bout some rock'n'roll?Ready, steady; ready, steady; ready, steady; ready, steady;
Ready, steady; ready, steady; ready, steady; GO!!!!
