

# Turn It Up!

## Mr. President

Tic tac I keep your body rocking  
Tic tac there ain't no stopping  
Tic tac I keep your body rocking  
Tic tac there ain't no stopping Yeah yeah yeah yeah  
I wanna get into motion  
Get into motion  
Yeah yeah yeah yeah  
I wanna feel the heat  
I wanna feel the heat Turn it up, turn it up  
Take me to the top  
Don't you ever stop  
Turn it up, turn it up  
Turn it up, turn it up  
Take me to the top  
Don't you ever stop  
Turn it up, turn it up When it gets dark and the lights go out  
My baby gets wild and makes me shout  
Cause all the things she does are out of this world  
Let me take some time and tell 'bout my girl  
When we're all alone my love unfurrels  
She's like diamonds, gold and pearls  
So don't stop till we reach the top  
Come on girl, until we drop Tic tac I keep your body rocking  
Tic tac there ain't no stopping  
Tic tac I keep your body rocking  
Tic tac there ain't no stopping I like to give my girl time a day  
Cause I know that she would walk my way  
And by the way let say it's okay  
If she hangs with the girls from around the way Tic tac I keep your body rocking  
Tic tac there ain't no stopping  
Tic tac I keep your body rocking  
Tic tac there ain't no stopping Yeah yeah yeah yeah  
Yeah yeah yeah yeah
