Keep It Simple

Cobra Starship

I've seen the future
So I already know
Baby you've been let down
You can't take anymoreYou hear that I'm untrue
But you've been around too
I don't hide it from youI know that you're needy
Baby, take it easy
And we can make all our dreams come true
If youI'm down if you don't expect any more from me
I ain't got much for you
It's all right if you wanna get down
Keep it simple nowI'm down if you don't expect any more from me
I ain't got much for you
It's all right if you wanna get down
Keep it simple nowAnd time keeps slipping us by
When we're alone
Music makes me get high
We're getting down on the floorLet this groove just take you
Make your booty shake too
Just show me what you can doI know that you're needy
Baby, take it easy
We can make all our dreams come true
If youI'm down if you don't expect any more from me
I ain't got much for you
It's all right if you wanna get down
Keep it simple nowI'm down if you don't expect any more from me
I ain't got much for you
It's all right if you wanna get down
Keep it simple nowHow do you feel? Do you feel all right, all right?
How do you feel? Do you feel all right, all right?
How do you feel? Do you feel all right, all right?
How do you feel? Do you feel all right, all right
All right, all right?I'm down if you don't expect any more from me
I ain't got much for you
It's all right if you wanna get down
Keep it simple nowI'm down if you don't expect any more from me
I ain't got much for you
It's all right if you wanna get down
Keep it simple now
