# Utopia

## Sweetbox

Praying for something to carry me through
Waiting for the day when I know what to do
Hoping and hoping for a ray of light
Can you
Won't you
Deliver meUtopia Iwanna go with you to Utopia
I wanna follow you to Utopia
Oh won't you take me there please
I wanna go with you to find UtopiaWhere's Utopia
Where's UtopiaHolding onto nothing but a tired dream
Trying to find out whi need to be
Hoping that God will give me a sign
Can you
Won't you
Deliver meUtopia Iwanna go with you to Utopia
I wanna follow you to Utopia
Oh won't you take me there please
I wanna go with you to find UtopiaI saw a gjirl walk by me today
And I saw my soul inside her eyes
I saw her anger,her fear,
her loss beneath my same disguise
Starting at my reflection finally made me see
I've been looking everywhere for myself
Except inside of meOh I need to go to UtopiaUtopia Iwanna go with you to Utopia
I wanna follow you to Utopia
Oh won't you take me there please
I wanna go with you to find Utopia
