Q

Almanso

Reaching out
Can you hear me
I said I'm reaching out
But no one's near me

And through all this I've been reaching out blindly
And so it comes down and I don't know anything
It always comes around
And fighting always seems just like

That I'll never know
And you never will
Still I'll never know
And you won't find out
Until someone stands out
Then you'll get some answers

Well here goes nothing yeah I'm standing up
And I'll get nothing if it's not enough
And they won't say what they're holding back from us
And so it comes down and I don't know anything
It always comes around
And fighting always seems just like

[Repeat: x2]
That I'll never know
And you never will
Still I'll never know
And you won't find out
Until someone stands out
Then you'll get some answers

I'll tell you this is something that you'll never hear
They knew it then and they've been holding back for years
And if you're not getting answers ask better questions...

[Repeat: x2]
That I'll never know
And you never will
Still I'll never know

And you won't find out
Until someone stands out
Then you'll get some answers
