

# Stick Shift

## Humble Pie

Working every day of my life  
See what you can under candlelight  
A dollar a day don't go so far  
My mowan's alive and I know she strive for me  
I know that times are bad but I'm so glad  
My woman come back to me and soon we be three  
A dollar a day don't go so far  
My mowan's alive and I know she strive for me  
Put me on a stick shift  
Put me on a stick shift
