

Just Be Happy

Dudek Finnigan Krueger Band

So you think Iâ€™m crazy, the things I do are wrong
Well you better listen, â€™cause I wonâ€™t be here too long
Iâ€™m just another loser, tryinâ€™ to find his way
Lookinâ€™ for a reason to get me through the day

Iâ€™m not too much in doubt
Just tryinâ€™ to find a way out
And just be happy

Sleepinâ€™ off a dream and thirsty from the gin
Please Lord stop the room from spinninâ€™
â€™Cause I promise no more sins
Iâ€™m not much luck at gamblinâ€™
And a woman scratched my back
Stole my wallet from the room
And the neighbors Cadillac

(chorus section)
Just be happy

middle Shed no tears for me, life is what itâ€™s gonna be
And all the questions in our minds, will be answered, answered in time
So take a look around, câ€™mon and lose that frown
And put love in itâ€™s place, put a smile, a smile on your face
and just be happy Just be happy

(solo section)
And just be happy

Yâ€™know workinâ€™ for security can work itâ€™s way on you
By the time you reach gold, death is overdue
So listen to your hearts, if the cries are of pain
Remember it takes the clouds, before you get the rain

(chorus section 2x)

Happy, happy, happy
