Generation Dead

Five Finger Death Punch

I look around and all I see is evil
Walking dead disguised as real people
It's kill or be killed 'cause life is not forever
It comes apart and then it falls together
I am what you made me
'Til death do I part
It's the world I've grown to know
Unforgiving and so cold
Take it away
Take it away
I don't want it
It's a life I'm forced to live
I've got nothing more to give
Take it away
Take it away
I don't want it anymore
We're generation dead
We're dead
You see yourself as such a fucking shepherd
But you drift the blind and then you curse the leper
Do you really want my true opinion?
You've taken more than you've ever given
You are what you are
Until death do you part
It's the world I've grown to know
Unforgiving and so cold
Take it away
Take it away

I don't want it
It's a life I'm forced to live
I've got nothing more to give
Take it away
Take it away
I don't want it anymore
Generation dead
It's the world I've grown to know
Unforgiving and so cold
Take it away

Take it away
I don't want it
It's a life I'm forced to live
I've got nothing more to give
Take it away
Take it away
I don't want it anymore
It's the world I've grown to know
Unforgiving and so cold
Take it away
Take it away
I don't want it
It's a life I'm forced to live
I've got nothing more to give
Take it away
Take it away
I don't want it anymore
We're generation dead
We're dead
