Shine On

Jeff Carson

Wherever you go, whatever you do
Don't ever forget there's someone who believes in you
When you're lost and weary, follow your heart'Cause you have a gift, you're one of a kind
God put you on this Earth so you could shine
You don't have to be afraid of the darkShine on
(Shine on)
Light up the world with your love
With faith and desire, you can build a fireShine on
(Shine on)
And let your dreams keep burning strong
Oh, shine onThere will be days and there will be doubts
There will be those who lie and let you down
When you just have to rise above it allOver the tears, over the pain
And look for the rainbow in the pourin' rain
(Pourin' rain)
Like a ray of sun at the crack of dawnShine on
(Shine on)
Light up the world with your love
With faith and desire, you can build a fireShine on
(Shine on)
And let your dreams keep burning strong
Oh, shine onThere's a star in every one of us
Just waiting to be born
Take the chance
(Take the chance)
Dance the dance
(Dance the dance)
It's what you've waited forShine on
(Shine on)
Light up the world with your love.
With faith and desire, you can build a fireShine on
(Shine on)
And let your dreams keep burning strong
Oh, shine on(Light up the world with your love)
(With faith and desire, you can build a fire)
Shine on
(And let your dream keep burning strong)
Keep on shinin'Shine on
(Light up the world with your love)

(With faith and desire, you can build a fire)Shine on
(Light up the world with your love)
(With faith and desire, you can build a fire)Shine on
(Light up the world with your love)
(With faith and desire, you can build a fire)
