Muscles

Bonnie Banane

She said she wants a man to always understand
But that's alright for her still it ain't enough for me
She said she wants a guy to keep her satisfied
But that's alright for her but it ain't enough for meStill, I don't care if he's young or old
(Just make him beautiful)
I just want someone I can hold on toI want muscles all, all over his body
(Make him strong enough from his head down to his toes)
I want muscles all, all over his body
(Make him strong enough from his head down to his toes)They say they have to see his real personality
But that's alright for them still it ain't enough for me
I need what the eyes can see, his anatomy
If that's alright for them still it ain't enough for meI don't care if he's young or old
(Just make him beautiful)
I just want some strong man to hold on toI want muscles all, all over his body
(Make him strong enough from his head down to his toes)
I want muscles all, all over his body
(Make him strong enough from his head down to his toes)Muscle man, I want to love you
In person, I want your body
Come with me, hide in the cascades
Let this be, we've got this thing madeLost at sea, hide the desert
Stay with me, you won't regret it
Take this love, so deep to swim in
Come to me, and let the love inShe said she wants a man who always understand
But that's alright for her still it ain't enough for meI don't care if he's young or old
(Just make him beautiful)
I just want someone I can hold on toI want muscles all, all over his body
(Make him strong enough from his head down to his toes)
I want muscles, I want all I can get
All over him, all over him, all over him
I want muscles, muscles, muscles, muscles
Muscles, muscles, muscles, muscles
