

Fly on the Wall

Wampire

When nobody's looking they don't know that I'm here
Only thing that matters is you don't know I'm near
I needed the excitement and to be very clear
I'll keep in perfect hiding make my trace disappearHow could this ever happen?

(Fly on the wall)

We were walkin down Manhattan

(Fly on the wall)

At your coat tails i was nabbin

(Fly on the wall)

Oh how could this ever happen?

(Fly on the wall)

When nobody's looking they don't know that I'm here
Only thing that matters is you don't know I'm near
I needed the excitement and to be very clear
I'll keep in perfect hiding make my trace disappear
I tried talkin dirty you were plugging your ears
You said you wanted something let me give you some fear
Then you'll get yours and Ill get mineUp high in the corner or down below
Hiding in the basement you'd never know

It's a sick game that we're playing

(Fly on the wall)

Only way to keep you staying

(Fly on the wall)

Finally quit your complaining

(Fly on the wall)

Oh its a sick game we're playing

(Fly on the wall)
