Maintain

Cyne

Verse 1I settle back in the afternoon,
Munchin' on lemonade and macaroons
Letting the Panasonic blast a tune,
Feeling lovely,
Bullsh*t can never touch me,
A hard day's work - shower up - a n*gga must be,
Fresh and clean,
Splash the neck, smell good,
Pop the collar scholar cause I'm knockin on wood,
Good luck will follow, let's cop a bottle,
Let's live today, promised day tomorrow,
Listen to wise words,
Two sips, calmin' my nerves,
Put the drink down, front tires hittin' the curb,
Steppin' outta the car,
Cise Starr - the realest,
Nothin' but the truth,
My presence will hurt feelins',
Livin' it up, not a balla, but still maintain,
Gettin' my self ready mang,
Go slow, change lanes...(Swervin' from lane to lane, Movin the second gear side to side)Chorus (X2):
The daily grind got me up in a rat race,
But now I'mma pull over, pit stop and change pace,
Gotta get a breather, or else I'll either,
Fall down and get back up and maintain...Verse 2:
It's like a cool drink of water, on a hot day refreshin',
I'm in your area, town, neighborhood and section,
Money left over after bills is a blessin',
So now I'm out on the town, eternal reflection,
Comin' out with speakers,
Right before Ether, I need ya,
After this track, Bahamadia,
Makin a mix,
Hearin' '96 through the stereo,
F*ck the radio,
As I slide through your barrio(district),
Drivin' a long,
Hopin' the traffic is gone,
Turn it up and push repeat because it's my favorite song,

Coldplay what the soul say, I'm singin' a long,
Parachutin' out the sky track number 2 is on,
Vibin' the music,
Lettin my whole mind loose it,
I'm never around Judas,
I'm a man of my word,
From bullets outta the heater,
This beats out of the speaker,
Reach out, outta your corner and embrace the world,
Stress on the nerves,
Reactin' when I swerve,
But f*ck it, I'm stayin' steady, do you know what you heard?
Wisdom out of the tooth,
The elders speakin' to youth ,
I'm sittin' back in the booth just recitin' my words,Chorus (x2)(It's time to chill, I know you feel me.)
(Back it...and maintain.)
