

Eyeball Tickler (Demo)

Oasis

Listen to the monkey
Feeding on your brain
I feel okay
No pain! I'm tired of shocking junkie
Suckin' on your veins
Forget no ways
No ways! I'm tired of running hunchback
I've been tripping now for days
And there is no way
U don't say! I got my drip drab velcro moustache
Keeps them all at bay
Get yours some day
Oh yeah!
'Cos we don't love our paycheck
Battle up your date
Don't get no love
No love! Double takes for feeling
And empty realities
'Cos can't get no love
Get no love! C'mon like eyeball tickler
Get up of your knees
And smile above
Above! Listen to the monkey
Feeding on your brain
I feel okay
No pain!
I'm tired of shocking junkie
Suckin' on your veins
Forget no ways
No ways! Desire all you want
But you got what you need
Not too much
Too much!
