

# The Game

## David Banner

I went to see a friend of mine the other day  
Ya know what I'm talkin' 'bout?  
She said, "Banner, you need to harmonize and hide"  
Yeah, okay But I asked her I was like, "How can a nigga be a fuckin' snitch?"  
You don't even snitch on yo' fuckin' enemies, you coward-ass nigga  
Kill those niggaz, I'm really, really high  
Ain't no respect to the game no mo', niggaz is bitches I done lost my love for the game  
Shit'll never be the same  
I'll never lose my love for the streets  
The streets got love for me Might of lost my love for the game  
Niggaz don't even act the same  
I'll never lose my love for the streets  
'Cause the streets got love for me I done lost my love for the game  
Shit'll never be the same  
I'll never lose my love for the streets  
The streets got love for me Might of lost my love for the game  
Niggaz don't even act the same  
I'll never lose my love for the streets  
'Cause the streets got love for me I hit the block before it's sunrise  
I want to know where you bitch niggaz went and hide  
Went to sleep, open my eyes then I realize  
Time to serve 'em weak, clock her ass and mash out Get ya cash out, why ya motherfuckers sleep and ya passed  
out  
I'm in the hood tryin' to make a G before nine  
Five thirty, took a break and I'm back on the grind  
Four ten, put some Dro in the wind then Let it go, 'cause ya know that a nigga gone  
Tell she if a nigga get busted  
Niggaz can't be trusted in the game, 'cause shit ain't the same  
Motherfuckers want me to blow out they brain Shit cocked and blast  
Put some lead in a motherfucker fast  
Never play wit a gun, if ya can't stop that  
Or get that in ya motherfuckin' ass I done lost my love for the game  
Shit'll never be the same  
I'll never lose my love for the streets  
The streets got love for me Might of lost my love for the game  
Niggaz don't even act the same  
I'll never lose my love for the streets  
'Cause the streets got love for me I done lost my love for the game  
Shit'll never be the same

I'll never lose my love for the streets  
The streets got love for me Might of lost my love for the game  
Niggaz don't even act the same  
I'll never lose my love for the streets  
'Cause the streets got love for me Took a chance when I came in  
Did my time if I got caught  
If I lost, it was my fault  
Took the blame for the whole thing And it was the work, it was my walk  
To do or double wit the plot then  
Let a nigga fellin' boxed in  
I was slingin' in my socks then On the corner flippin' twenty's  
Tryin' to turn 'em into fifty's  
On the ten speed right in front of walk in  
It's no hood where I came from Where a nigga got his game from  
Ain't nothin' changed, I'm the same one  
To pull a strap out my backpack  
Cock the hammer back  
Duck and get ya brains hung And shake the cop up when the block clear  
'Cause the drama doesn't stop here  
Gotta watch for ya own peers  
Nigga damn near ain't knowin' who the fuck I am  
And you ain't knowin' how I got here See we don't speak and we don't do nothin'  
It's on you if you slang things  
Get your money, homie, maintain  
Keep yo' motherfuckin' mouth shut, dawg  
Or you'll get offset and this a cold game And snitch-niggaz never last long  
So snitch-niggaz get yo' ass on  
A snitch-nigga get yo' mask on  
Took the pledge on my own hand  
Then killed a rose motherfucker in my last song I done lost my love for the game  
Shit'll never be the same  
I'll never lose my love for the streets  
The streets got love for me Might of lost my love for the game  
Niggaz don't even act the same  
I'll never lose my love for the streets  
'Cause the streets got love for me I done lost my love for the game  
Shit'll never be the same  
I'll never lose my love for the streets  
'Cause the streets got love for me Might of lost my love for the game  
Niggaz don't even act the same  
I'll never lose my love for the streets  
'Cause the streets got love for me I done lost, yeah
