

Once I Had a Laugh

Norah Jones

Once I had a laugh
And when I'm older
I will not forget
That once I had a laugh
And when I'm tired
I will not forget
That once I had a laugh
And when I'm fallin'
I will not forget
That once I had a laugh Oh oh oh Oh Once I had a laugh
And now I'm older
But I will not forget
That once I had a laugh
And now I'm fallin'
But I will not forget
That once I had a laugh
I hear you callin'
But it's not over yet
'Cause once I had a laugh Oh oh oh oh
