

# Games People Play

## The Pleasure Barons

Oh the games people play now  
Every night and every day now  
Never meaning what they say now  
And never saying what they mean

While they walk away the hours  
In their ivory towers  
We threw a couple of flowers  
In the back of a black limousine

La da la da da da da,  
La da da da da de,  
I'm a talkin' about you and me  
And the games people play

You know we make one another cry  
We break our hearts and we say goodbye  
We cross our hearts and we hope to die  
That the other was to blame

We need a woman that will give in  
So we gaze at an 8X10  
Wanderin' about the things  
That might have been  
And it's a dirty rotten shame

[Chorus]  
Now wait a minute  
They come walkin' up to ya  
Singing glory haleuajah  
Let me try to sock it to ya

In the name of the Lord  
They only show ya how to meditate  
And to read your horoscope cheat your fate  
Furthermore to hell with hate  
See'mon and get on board

[Chorus]

Look around baby what'd you see  
What's been happening to you and me  
God granted it's serenity  
Just to remember who I am

'Cause you've given up your sanity  
Your pride and your bounty  
You turn your back on humanity  
And you don't give a

[Chorus: x 2]
