Let Your Head Fall Down On Me

Fielfraz

I could write out a list, babe
of things to say
I could trap you in the corner, babe
and block up your way
I could sleep on your doorstep
and dream your dreams

Let you head fall down on me, yeah!
Let you head fall down on me,
Let you head fall

I could treat you like a baby, babe
I could take you on my knee
I could teach you three chords, babe
so you can sing out for me
I could throw down the government
and vote you in

Let you head fall down on me, yeah!
Let you head fall down on me,
Let you head fall

Nothing is what it used to be, babe
nothing is what it used to be
I can see myself in your eyes, babe

well wonder what you see
I could check out your cheque book
and buy you diamonds

Let you head fall down on me, yeah! etcâ€¦
