DNC (Do Not Comply)

Sick Of It All

This serves as our protection
Long live the constitutionDNC. DNC.
DNC. DNC.I'll always be a threat
To an unjust government
We should always be a threat
To the highest power.
Liberty or death!I live life, a simple man
Try existing in peace, but
You're always gunning for me
Now, can't you see that I
I don't buy into your game.
Unwilling to play, I'll stand
I'll stand against all of the lies
Yeah, I'll defy.
Liberty or death!
DNC. DNC.
DNC. DNC.I'll always be a threat
To an unjust government
We should always be a threat
To the highest power.Forced under the gun,
Nowhere to run,
Seeing how laws always clash with the truth.
We are born free,
Yearning for peace
Not as defenseless subjects.Forced under the gun,
Nowhere to run,
Seeing how laws always clash with the truth.
We are born free,
Yearning for peace
Which isn't where we're headed.
It's all about total control
Long live the constitution.DNC. DNC.
DNC. DNC.I'll always be a threat
To an unjust government
We should always be a threat
To an unjust government.I'll always be a threat
To an unjust government
We should always be a threat
To the highest power.

Liberty or death!
