

London Girls (Remastered)

Tori Amos

Some people sing about Deutsch girls
And girls from California
They might be alright for a night alright
But I don't trust them I warn ya I've been to the East and I've been out West
And I've been the world around
But I ain't seen no one anywhere near
A girl from London town Give me a London girl every time
I've got to find one
I've made up my mind
Give me a London girl every time
I want a London girl Marry a girl from London town
You know that you can trust her
She'll darn your socks
And wash you everytime
Your trousers won't bust 'em yes They're all good cooks
And they've got good looks
And they won't lead you down
Said I gotta find a London Girl
If I ever get to have a chance Oh, give me a London girl every time
I've got to find one
I've made up my mind
Give me a London girl every time
I want a London girl London girls are the best in the world
There ain't no doubt about it
If you can't find a girl from la-London town
You're better off doin' without it They don't create when you come home late
And you're crawlin' up the passage floor
They won't mock about you
When you're going out with
The geezer from the house next door Give me a London girl every time
I've got to find one
I've made up my mind I said honey give me a London girl, babe
Every little day
Your legs turn to jelly
And I got a little smelly But I know it's just what I want
'Cause I need a London girl, oh, every time
They've always got a pound
To buy their round

When it's their turn at the bar
