Glass Room

Big Wreck

Summer swells to a close
Your skin still kinda glows
Even at nightIt's just a couple of moments to get past
And one or two the moments that never lasted
That's alrightI said remember how sticky you used to get
Rolling, swimming in each other's sweat
And that was alrightAnother glass room gets a little dark
And girls will be girls
Yeah they leave a mark
We'll hold it up to the light
Because the melody don't fit quite rightWhen you go
Know the reason why
You take those moments
Sing along like a lullaby
This is gold
I'm high alright
Kill those wishes
Make it look like suicideIn a sarcastic way
I thought I heard you say
That you were alrightBut to have such beautiful faces
And we were in such beautiful places
I wanna stay there all nightAnd then one last candle
And one last view
It's over
Yeah, it's over
Yeah, it's over
It's all over the placeAnother glass room gets a little dark
And girls will be girls
Yeah they leave a mark
We'll hold it up to the light
Because the melody don't fit quite rightWhen you go
Know the reason why
You take those moments
Sing along like a lullaby
This is gold
I'm high alright
Let's kill those wishes
Make it look like suicideOne more reason to get a little cold
One more season and you're getting old

Oh just one more headache
That never goes away
The past starts bleeding
Peel awayAnd now the glass room gets a little dark
And girls will be girls
Yeah they leave a mark
We'll hold it up to the light
Because the melody don't fit quite rightWhen you go
Know the reason why
You take those moments
Sing along like a lullaby
This is gold
I'm high alright
I Kill those wishes
Dress them up in a suit and tieWhen you go
This is gold
But when you go know the reasons why
You take those moments
And roll them out like a lullaby
This is gold I'm alright
Let's kill those wishes, make it look like suicide
