

Wanna

Merkules

i just wanna smoke this weed, i wanna forget what we did
baby, i wanna forget all our problem, wake up and do it again
baby, i just wanna smoke this weed, i wanna forget what we did baby, i wanna forget all our problems, wake up
and do it again
baby, i just wanna.p-ss me that sh-t, motherf-cker. where the weed at?
every single movie that's on netflix, i seen that,
give a f-ck about the expiration date, i'mma eat that
i'm the plug, i'm the one with all the drugs, b-tch, i be that
anyways, what i'm sayin' is i'm higher than f-ck,
i'm drivin' in truck with my knees tryna fire a blunt
i got iron for lungs, so high, i feel like i'm in love,
i need a half of ounce at least before i get the buzz, but check it
i ain't to make a song about that sh-t,
i can promise any time i drop a bar it turns cl-ssic
i'm the rapper that just rap, so i get on your nerves, that's it
you diss me, i'd rather die by the time i heard that sh-t, but.
i'm doin' this sh-t so family's paid,
and i can make up for the sh-t that i did back in the day
that's way i break 'em off a chunk of all the cash that i make,
so tell my mom to quit her job and tell my dad it's okay, you feel me
i grew up with the wrong crowd and the stompdwn
k! ll this til they bury me six feet in the hard
ground, i know they tryna get attention from me, not now
i'm too busy countin' this money, we at the top
i just wanna smoke mah weed, i wanna forget what we did
baby, i wanna forget all our problems, wake up and do it again
baby, i just wanna smoke this weed, i wanna forget what we did
baby, i wanna forget all our problems, wake up and do it again
baby, i just wanna.no, i just wanna chill and relax,
fill up my gl-ss and laugh or reminisce on
the past, i learned a lot from my neighborhood
now i'm givin' it back,
give me some slack, i'm so high, i'm feelin' like shaq, look
i used to be under that street sh-t, but peep this
i changed, do you deep these pieces on some g sh-t?
plus all these rapper actin' g-be on some weak sh-t
pull up in that slick new ferrari,
they prolly listed it, so eat d-ck for thinkin' you as dope as me
my sh-t is doper than a pure line of D°D¾D°D, D½, i ain

't promoting that neither, i'm just a dope mc
b-tches, merkules for precedent, vote for me,
there's no stoppin' me, flow like the old prodigy
r.i.p., takin' over the whole economy,
so tell these labels i'm sorry there's no sign of me
they think they eyein' me, nah be, i'm on the body sprint
i just wanna smoke this weed, i wanna forget what we did
baby, i wanna forget all our problem, wake and do it again
baby, i just wanna smoke this weed, i wanna forget what we did
baby, i wanna forget all our problems, wake up and do it again
baby, i just wanna. baby, i just wanna. baby, i just wanna.
baby, i just wanna. baby, i just wanna. yap
