Alone With You

Faron Young

How I'd love to be around you when the lonely night surrounds you?
How I'd love to be alone with you?
What I'd give to have the power to read your mind one hour?
How I'd love to be alone with you?Just to be with you one night you and me alone
Kiss your lips and hold you tight and have you for my ownIf I only knew for certain I'd cut out all my flirtin'
How I'd love to be alone with you?How I'd love to be around you when the lonely night surrounds you?
How I'd love to be alone with you?
This could be a joy unending could be a real beginning
How I'd love to be alone with you?Well, just to be with you one night you and me alone
Kiss your lips and hold you tight and have you for my ownWon't you try to be my baby just for once and then well maybe
I could always be alone with you
Won't you try to be my baby just for once and then well maybe
I could always be alone with you
And I could always be alone with you
