Memories

Johnny O.

Could you stop playing with my mind
You know I'm not that kind
To leave it all behind
But all I wanted was you
You made love blind to see
'Cause you could never be that
One for me that life you seeChorus:
Now all I have are just memories
Time is what we used to have
Memories, love we shared in our past
Memories, days you used to hold me tight
Memories, memoriesYou must know that I still care
'Bout all we used to share
I know the love's still there
So what did all these games girl
Let's not forget the past
It went by much to fast
Can't we make it last foreverChorus
I just need you, you see, tonightOh please, let's not forget the past
It went by much to fast
Can't we make it last forever girlChorus (3x)
