

Pacing Deaths Trail

In Flames

Compassion, confession, it's all a compromise
Dedication, domination, please, define the lines
Irritation, innovation, paired up to succeed
Totaliation, termination, fake skills and greed
Surrender to nothing, or run as far as you can
I'm trying to, hold on to what I believe in, but my heart is in a coma
Aggression, attention, a need to be seen

Directed, disrespected stand in line to be thankful obscene
Surrender to nothing, or run, as far as you can
I'm trying to, hold on to what I believe in, but my heart is in a coma
Surrender to nothing, or run, as far as you can
I'm trying to, hold on to what I believe in, but my heart is in a coma
I'm trying to, hold on to what I believe in, but my heart is in a coma
