

Summertime

Girls

Out of my crate
Dust off my grave
Get out a good pair of shoes
Summertime, soak up the sunshine with you

Lay in the park
Smoke in the dark
Get high like I used to do
Summertime, soak up the sunshine with you
Summertime, soak up the sunshine with you

Feelin' the breeze
Take it with ease
Shake off the big city blues
Summertime, soak up the sunshine with you

Grow out my hair
Go anywhere
Sleepin' until afternoon
Summertime, soak up the sunshine with you
Summertime, soak up the sunshine with you

Feelin' the breeze
Take it with ease
Shake out the big city blues
Summertime, soak up the sunshine with you

Lay in the park
Smoke in the dark
Get high like I used to do
Summertime, soak up the sunshine with you
Summertime, soak up the sunshine with you
