Little Too Little

Brett Young

Now im talking but she ain't listening i'm finally listen but she aint got a word to say
See I aint lying but she wont believe it lord knows i'm trying but i'm starting to think its a little too little a little too late it's a little too little a little too late
It is clear to me when i look at her face if there was anything left to this thing to saaay it's a little too little a little too late
So now i'm feeling what she's been feeling and now im hurt but she dont care now im sorry but she aint forgiving im down on my knees but I ain't got a parade its a little too little a little too late it's a little too little a little too late
It is clear to me when i look at her face if there was anything left to this thing to saaay it's a little too little a little too late
Now i can see that she is everything that i ever needed it's a little too little a little too late it's a little too little a little too late it's a little too late it's a little too little a little too late it is clear to me when i look at her face if there was anything left to this thing to saaay it's a little too little a little too late it's a little too late uuuu it's a little too late ohh mhmh
