

# Suffer Well

## Depeche Mode

Where were you when I fell from grace  
Frozen heart, an empty space  
Something's changing, it's in your eyes  
Please don't speak, you'll only lie I found treasure not where I thought  
Peace of mind can't be bought  
Still I believe I just hang on  
Suffer well  
Sometimes it's hard  
It's hard to tell An angel led me when I was blind  
I said, "Take me back, I've changed my mind"  
And now I believe From the blackest room, I was torn  
He called my name, a love was born  
So I believe I just hang on  
Suffer well  
Sometimes it's hard  
It's hard to tell I just hang on  
Suffer well  
Sometimes it's hard  
So hard to tell
