# She's Gone

## jacksoul

Everybody's high on consolation
Everybody's trying to tell me what is right for me
I need a drink and a quick decision
Now it's all up to me
Just what will beShe's gone
Oh I, oh I
I gotta learn how to face it
She's gone
Oh I, oh I
I'd pay the devil to replace her
She's gone
Oh I
What went wrongGot up in the mornin'
Look in the mirror
I'm warn as a toothbrush hanging in the stand
My face ain't lookin' any younger
Now all I can see is love takin' her toll on me[Chorus:]
Think I'll spend eternity in the city
The carbon monoxide chokes my thoughts away
And the girls help dissolve the memories
But they can never be what she was to me
