When Christmas Comes Around

Roomie

I love you in every way,
I love the way you lie
Now it seems you didn't when you said "this is goodbye"
But we're at the start of something meant to last for good
If you think I've let you go,
then you've misunderstood
'Cause I'm gonna wait you out
'till you are lonely too
When you hear jingle bells
I know you will feel blue
Then when your down on your knees
I know just what to do
Get under the mistle toe and say
"now let's be two-o-o-oo"
Oh, so when christmas comes around
I'm sure you will be lonely
Oh, so when christmas comes around
I'll be your one and onlyNo. I'm not over youI don't no what to do
I want you as my whife,
with an H!
Why did you go away
Why did you go away
Why did you go away
Oh, so when christmas comes around
I'm sure you will be lonely
So when christmas comes around
I'll be your one and only
So when christmas comes
around
You'll be mine
So when christmas comes around
I'll be your one and only
I'm pretty sure you will be lonely
