

Race

A Taste of Honey

Attention everyone
Line up, and take your place
Better get your act together
Because it's time for the race

Everybody keep on dancing
And race, race, race
Everybody keep on dancing
And race, race, race

Let's groove to the music
And let the rhythm give chase
While your body starts to move
And take you closer to the race

Everybody keep on dancing
And race, race, race
Everybody keep on dancing
And race, race, race

The competition's thick
So keep your feet right on the case
Keep dancing stride for stride
Join with the crowd for the race
