Let's Start Again

Blazin' Squad

Don't tell me that this won't happen
I'll prove you wrong
You don't see what i see girl
But maybe through this song
You'll understand my intentions
I've moved on, the fires out
So let the ashes lay
Aye yo I've moved on
Cause im a better man
Through the lifestyle that i lead
And i know i just won't look back
I wanna let you know
Even though we've been apart
I feel it in my heart
You know i feel no way
Cause every time i say i love you
You feel that
I can see it in your face
So i hold my breath
Say where, and im there
Say yes, and I've answered your prayers
(All we can do is try)
Wanna hold you
Wanna love you
Wanna feel you (try)
And you'll never understand
How much I've missed you
(All we can do is try)
Girl i need you
Wanna live you
Wanna breathe you
So let's start again
(Lets start again) x4

Maybe girl we could start again
I know it was unfair how i acted back then
I was unaware too distracted, plus
We never interacted much
But now it's certain when i look into your eyes

Mind, body and soul
Put your lips on mine
Let's lose control
All we can do is try
And I'll give you everything till the day that I die
(All we can do is try)
Wanna hold you
Wanna love you
Wanna feel you (try)
And you'll never understand
How much I've missed you
(All we can do is try)
Girl i need you
Wanna live you
Wanna breathe you
So let's start again
(Lets start again) x4
You don't see what i see girl
But maybe through this song
You'll understand my intentions
I've moved on, the fires out
So let the ashes lay
I've moved on, the fires out
I'm a changed man
Believe me now
Hope that
Thought within
Let us start again (x4)
