Angel Heart

Lovebugs

one two one two
if i only knew what to do
'cause too much is killing me, yeah
but i never could get enough, yeahone two one two
if i only ever had a clue
i'm so close, it's burning me, yeah
but i never could stay away more than a day
i'm always thinking of youangel heart
you're tearing me apart
you're doing somthing to me deep inside
angel heart
you're doing it pretty smart
you're doing somthing wonderful to me
angel heart
angel heartone two one two
if i only knew what to do
'cause too much is boring me, yeah
but i never could get enough, yeah
