

# Hello Friday (feat. Jason Derulo)

## Flo Rida

[Chorus: Jason Derulo]

Hello, Friday, I've been waiting for you for a long time  
You just save me when my life came tumbling down  
And I know you're gonna leave me

Hello, Friday, I've been waiting for you for a long time[Verse 1: Flo Rida]

Yeah, like a charm, baby  
Brighter than this thing on my arm, baby  
It's a party every time you come around, baby  
Now if you're down, baby  
I can be the ground, baby, hear me running  
Ain't nothing looking better than when I see you coming  
Ain't none other feeling better than when I'm blowing money  
You can tell that I'm an addict, I'm addicted to money  
I'm addicted to balling[Pre-Chorus 1]  
I got the sip of Patron, I bought a ticket to Rome  
And by the end of the evening, forget a weekend  
We won't even know what planet we're on  
Cause Monday, so many, goddamn it  
Tuesday, she wanna go up  
But Wednesday, I panic come scrambling  
Thursday just ain't my luck
