

You Changed

Jean B. Gerbier

You changed

1) Maybe I was lucky, when I saw that you were in love
with me. If you should ever let go, my world would be confused.

Chorus

You changed, it's all over now and it's all wrong.
You changed, you said you love me for the rest of my life.
Now you are telling me this the end.

2) Why don't you love me like the way you did before?
Why don't you hold me tight, the way you used to?

Chorus

3) Hold me tight and tell me that you are mine,
oh, oh, oh, oh, love me forever and make all
my dreams come true.
