

Guarana

Birdwu

A mellow arrest at first
of a callow, inert belief
Throw your minnows down
and i will feedSoon or later
I will not find
the state I was before
I'll fall in a kind, be in a kind
of stupor rythmnOoh I'm coming down
need a fix as a numb release
serenade my only sound
with the antedote to
all my intuitions
callous superstitions
I'll starve till I'm full
of nihilisms, realismsChorusYou can lie to yourself
Saying "I don't need it"
Keep the answers coming
Larcenist their wonderSoon or later
It will come for you X4
