

Good to Be Alone

[Matt Corby](#)

In the back of my mind
Everything seems fine
You go your way, I go mine
We just need to take our timeIt is good
To be aloneI was lost in the dark
We all had to play our part
I was hunted by the one
The one that froze my heartIt is good
To be alone
(x2)I keep telling myself
It's gonna be better
(x2)
It's gonna be betterIt is good
To be alone
(x2)
