

It's Over

Gino Vannelli

You go through the motions
Of a woman in love
Every kiss is a token
Every sigh is a bluff
Words confuse me but I see it in your eyes
You try not to show it
But any fool would know it
It's over... It's over this love is ending
It's over... It's over there's no use pretending
I see through your make up
You're not quite yourself
Don't you know that your games up
I know there's somebody else
You tell me I'm crazy and that I'm still the only one
Well maybe I'm dreaming
But I know what I'm feeling
It's over... It's over this love is ending
It's over... It's over there's no use pretending
You fake your way through the night time
But even your best is less than before
'Cause you don't care anymore
You tell me I'm crazy and that I'm still the only one
Well maybe I'm dreaming
But I know what I'm feeling
It's over
It's over
It's over there's no use pretending
It's over
