

Livin' It Up

Michael Ray

It ain't good for your soul to stay on cruise control
And let the good times pass you by
And it's been way too long since we carried on
So let's get off this painted pony ride
Hop a fence chase the wind to the wilder side Start livin' it up, throwin' it down, here we go
Layin' it back, spinnin' it round, vertigo
Takin' it in, shakin' it out
Keepin' it real, keepin' it loud
Give me some gettin' it on, gettin' it down
Here we come, life is a blast, ain't it about
Livin' it up We're bottled up like gasoline
One spark is all we need
To set it off and burn this mother down
Slam it into gear, do it up in here
Get all crazy like we own this town
If you're in say you're in, let me hear you now Livin' it up, throwin' it down, here we go
Layin' it back, spinnin' it round, vertigo
Takin' it in, shakin' it out
Keepin' it real, keepin' it loud
Give me some gettin' it on, gettin' it down
Here we come, life is a blast, ain't it about
Livin' it up Livin' it up, throwin' it down, here we go
Layin' it back, spinnin' it round, vertigo
Life is a blast, ain't it about Livin' it up, throwin' it down, here we go
Layin' it back, spinnin' it round, vertigo
Takin' it in, shakin' it out
Keepin' it real, keepin' it loud
Give me some gettin' it on, gettin' it down
Here we come, life is a blast, ain't it about
Livin' it up
Livin' it up, yeah
