

# Second Chance (feat. Nicola Jayne)

## Offbeat

Alright listen up yeah coz Iâ€™ve got something to say  
You know when youâ€™re out and you see someone you like the look of  
But youâ€™re just too scared to go a chat to them?  
Weâ€™ve all been there  
I just want you to know, whether youâ€™re a guy or girl  
I feel your pain and Iâ€™m with you  
Fellas first, letâ€™s go!

We all know the feeling  
When you see a pretty girl and you wanna start speaking  
But you canâ€™t think of anything to say  
Your mind goes blank and your heart starts beating  
So you make your excuses to leave it  
Telling yourself thereâ€™s no way to achieve it  
â€œSheâ€™s with all her mates anywayâ€•  
You donâ€™t wanna to disrupt the convo that sheâ€™s deep in  
So you throw the towel in  
And feel a sense of relief as you get another round in  
But before long youâ€™re scowling  
Coz you just clocked another guy start prowling  
You try and tell yourself not to worry  
Sheâ€™d never get with a guy that ugly  
But now sheâ€™s playing with her hair  
Laughing at his jokes and theyâ€™re not even funny  
What?! That shouldâ€™ve been you  
And if you had balls it couldâ€™ve been too  
You imagined it all going wrong  
But if youâ€™d just tried then it wouldnâ€™t be true  
Now youâ€™re kicking yourself on the way home  
Tryna use everything else as a scapegoat  
â€œShe wasnâ€™t that fit anywayâ€•  
But you know that youâ€™ve only got yourself to blame though  
â€¦ and thatâ€™s the worst part  
You shouldâ€™ve moved when you had the first chance  
You vow that youâ€™ve learned your lesson  
And it happens again youâ€™ll talk to the girl fast  
If only you could turn back time  
Youâ€™d pluck up the courage to go and say â€œHiâ€•

But now youâ€™ll never know what couldâ€™ve happened  
And youâ€™ll wonder about it for the rest of your life

If only you could turn the clock back  
If only you could have a second go  
If only you had taken the chance  
Things might be different but now youâ€™ll never know

Right? But girls, I know itâ€™s not always easy for you either  
I think as guys, we get so wrapped up in the way weâ€™re thinking  
We donâ€™t stop to consider what itâ€™s like for you lot  
So itâ€™s only right, that we get to hear your side of the story too  
Ready? Letâ€™s go!

You all know the feeling  
When youâ€™re out with the girls at a bar for the evening  
You see a guy that you like  
And start giving off vibes in the hope that theyâ€™ll reach him  
But he just doesnâ€™t seem to receive â€˜em  
No matter how blatant you make it  
So you assume heâ€™s not into you  
And go back to chatting to your mates that you came with  
But before long another guy approaches  
And itâ€™s clear that he just wants to get lucky  
Heâ€™s not your type but youâ€™re too polite  
So you laugh at his jokes even though theyâ€™re not funny  
But pretty soon he can sense that itâ€™s hopeless  
So he makes his excuses to leave  
Youâ€™re relieved but itâ€™s only at that point you notice  
The other guyâ€™s nowhere to be seen  
The night carries on in a similar fashion  
You and your friends just wanna hit the dancefloor  
But you canâ€™t coz itâ€™s full of guys grinding and grabbing  
And using chat up lines youâ€™ve heard before  
Your patience starts wearing thin  
And you can even feel your eyelid twitching  
You snap at the next guy who comes over  
Who now thinks all women are bitches  
You go home and start asking yourself  
â€œWhy do I just attract losers and creeps?â€•  
Why was the guy from the start not on it  
Maybe thereâ€™s something thatâ€™s wrong with me  
If only you could turn back time

Youâ€™d pluck up the courage to go and say â€œHiâ€•  
But now youâ€™ll never know what could have happened  
And youâ€™ll wonder about it for the rest of your life

If only you could turn the clock back  
If only you could have a second go  
If only you had taken a chance  
Things might be different but now youâ€™ll never know

But what if we didnâ€™t have to wonder? What if we turn back time?  
Would you make the most of it, or let fear get the better of you?  
Letâ€™s go back now and see how much better this whole night coulda gone.  
Starting with the fellas, once again â€“ letâ€™s go.

We all know the feeling  
When you see a pretty girl and you wanna start speaking  
You feel the fear in your chest  
But you do it anyway coz these moments are fleeting  
You start walking and donâ€™t waste your time  
Coz you wanna get there before you change your mind  
Sheâ€™s talking but you donâ€™t wanna wait  
So you excuse yourself and start saying â€œHiâ€  
â€œThis might sound a little forward  
But I just saw you and I thought you looked gorgeous  
And I knew if I didnâ€™t come over  
Iâ€™d be full of remorse for being overly cautiousâ€•  
She pausesâ€  
And the silence it causes is awfully awkward  
But then she says â€˜Itâ€™s nice to meet youâ€™  
And flashes a smile thatâ€™s practically flawlessâ€

Your absorbed in the conversation  
Coz itâ€™s more interesting than the boring questions  
That your often faced with in this situation  
Like â€œWhatâ€™s your name and whatâ€™s your occupation?â€•  
You chat about all the interests you share  
As you go and sit somewhere a bit more comfy  
â€œ And now youâ€™re playing with your hair  
And laughing at his jokes coz theyâ€™re actually funny!  
Your mates come and try and drag you away  
But you tell them itâ€™s OK because you wanna stay  
Itâ€™s the first person youâ€™ve met in ages  
That youâ€™d actually be happy to see the next day  
If only you could turn back timeâ€  
Then you wouldnâ€™t do a damn thing different  
Coz you took a risk and it paid off  
But just imagine for a moment you didnâ€™t

Thatâ€™s the moral of the story people  
If you see someone you like the look of â€œ just go chat to â€œem.  
Coz whatâ€™s the worst that could happen?  
Theyâ€™re not gonna shout at you  
Ttheyâ€™re not gonna throw a drink over you  
And even if they do â€œ at least youâ€™ve got a funny story to tell
