Last Forever

The Naked and Famous

Can we stay awake
And lay the day to waste forsake these bones
Hopelessly abandoning our phones
To watch the clouds awake over the homes
Of people we won't ever know (ever know)'Cause nothing is bigger and brighter than this
Yeah, I could tell you that we won't exist
And here is the last dance, trying to admit that I should let you goLove, don't feel it could last forever
Love, I'm ready to let you know
Love, don't feel it could last forever
Love, I'm ready to let you goCan we stay alight
Reignite these embers just for one more night
Never to grow old if we just frame it right
So much for foresight in this last dance
Trying to admit that I should let this goLove, don't feel it could last forever
Love, I'm ready to let you know
Love, don't feel it could last forever
Love, I'm ready to let you goReady to let you know (you know)
Ready to let you go (you go)
Ready to let you goCan we stay awake
Can we stay awake
Can we stay awake
Can we stay awakeLove, don't feel it could last forever (forever)
Love, I'm ready to let you know (ready to let you know)
Love, don't feel it could last forever (ready to let you go)
Love, I'm ready to let you goReady to let you go (you go)
Ready to let you know (you know)
Ready to let you go (you go)
Ready to let you know
Ready to let you know
Ready to let you go (you go)
Ready to let you know
This feeling won't last forever, forever
