

Ride It On

Mazzy Star

Ride it on baby
Into my view
Ride it on baby
Into your side
Ride it on baby
Just like you used to do Did you want me to love you?
Well, I'm just here for the call
And you said that you're so low
Well, I won't really do you any harm Won't you ride it on baby
Just like you used to do?
There's no love that you're over feeling
And you still want to be with me But you're leavin' like you said that you would
I'm awaiting for the call
And you love like you always say now
But you know it won't do you any harm Ride it on baby
Just like you said that you would
Oh, then ride it on baby
Just like you know it's understood Ride it on baby
It's still into your view
Ride it on baby
I only want to be with you I'm dreaming that you're going far
And you lie, takin' wine
Won't you ride it on baby?
But you're so heavily priced
Ride it on baby
Just like you said that you would
