

Mansize Rooster

Supergrass

Wait a minute, now you just can't run away
You got no money and you got no place to stay
Things are bad but there's always another way
How would you know if you never ever saw me? Oh no, when I look at you I see
Why you looking so crazy?
Why you looking so lonely for love? What do you wanna feel now?
Why you looking so crazy?
Why you looking so lonely for love? What do you wanna see now?
Wait a minute, it's all wrong
Wait a minute, it's all gone wrong (Rooster!) Wait a minute now you just can't hide away
You got no money and you got no face to save
You think it's bad but there's always another way
How would you know if you never ever saw me? Oh no, when I look at you I see
Why you looking so crazy?
Why you looking so lonely for love? What do you wanna be now?
Why you looking so crazy?
Why you looking so lonely for love? What do you wanna be now?
Yeah yeah
What do you wanna see?
Oh yeah What do you wanna be?
Oh yeah
What do you wanna feel?
Oh yeah
