Loneliness

RKL

Look straight in my eyes,
I'm not quite ready yet to try,
No self respect to try and hide.
You burnt the candle from both ends,
By tryin' to kill yourself again,
Why is it so you wish to pretend.
In my thoughts I would remember you.
In my soul still remains the truth.
Yeah...
There's not much left now to lose,
I think it's time you better choose,
Your passion lies inside a spoon.
You'll burn the bridge between your friends,
Creating wounds you cannot mend,
Why is it so you wish to be dead.
In my thoughts I would remember you.
In my soul still remains the truth.
