

Teenager

Better Than Ezra

Listen to them fight
Hear your mother cry, weekend at your Dad's
They don't know what they do to you
Teenager, teenager Wrap yourself in black
Listen to the 'Cure', 'Love-line' won't call back
They don't know, they don't care
They don't see but I do And if it feels good do it
'Coz if it tastes fine then drink
Well, there's a range of possibilities to find
Teenager, teenager No one knows your name
No one hears your cry, fall in with the fringe
'Coz they know what you're going through
They do And if it feels good do it
And if it tastes fine then drink
There's a range of possibilities to find
Teenager, teenager No one's wrong, no one's right
It comes down on you
I have found your life
Inside mine Hear your mother cry
Fade into the night, and when they ask you why?
They won't know, they won't feel
They won't see but you will And if it feels good do it, 'coz if it tastes fine then drink
Well, there's a range of possibilities to find
Well, if it feels good do it, 'coz if it tastes fine then drink
Well, there's a range of possibilities to find
Teenager, teenager
