Moonlight desires

Lawrence Gowan

(Lawrence Gowan)
You've got ways
To take hold of my thoughts
Over-riding my senses
Lock your sights
Dead in line with my heart
Share your powers
You stir my soul
And whet my hunger
And weave that spell
That pulls me under
These moonlight desires
Haunt me
They want me, they want me
These moonlight desires
Haunt me
You're sending, you're sending
Secret fires
Burn inside me unknown
Never mentioned
Only you
Can uncover the flames
Break their silence
And make them dance
For us to see them
And break their chains
And give them freedom
These moonlight desires
Haunt me
They want me, they want me
These moonlight desires
Haunt me
You're sending, you're sending
A wave over my mind (wave over my mind)
And I fall to it blind
You say :
Trust me
Stir my soul
And whet my hunger

And weave that spell
That pulls me under
These moonlight desires
Haunt me
They want me, they want me
These moonlight desires
Haunt me
You're sending, you're sending
A wave over my mind
Moonlight desires
Your secret powers
These moonlight desires
Haunt me
They want me, they want me
These moonlight desires
Haunt me
You're sending, you're sending
A wave over my mind
Moonlight desires
