

# One Time

## Stroke 9

I gave up 'cause I couldn't feel  
And I gave in 'cause it sounded like a steal  
Spending time on my back now  
Thinking 'bout the facts now  
How 'bout this and how about that...well here we go  
I like to think I'm on top of things  
But this life will bring what it will bring, you know  
I like to think I'm on top of things  
But this life will bring what it will bring And my less that larger brain is contorting the synapses  
Sent from the ends of my dangling nerves Give me just one time  
two times  
You know it's just where I'm at  
I'm waving as I go I got up, I never thought I'd get there  
My mind doesn't mind 'cause my mind won't dare  
Wake up, shake up and wind up on my back  
How 'bout this and how about that  
I wanna wipe the plastic smile off my face  
I wanna win without entering the race  
I want to say what I mean and mean what I say  
I just need something to mean anything Give me just one time  
two times  
You know it's just where I'm at  
I'm waving as I go  
You gotta give me just one time  
two times  
You know it's just where I'm at  
I'm waving as I go  
I just wanna get through  
I don't know how I'm gonna do it  
I wanna get through
