Do U Wanna

Mint Condition

Another one?

Damn, she's fineNow its been seven years

And now and then

My mind just cuts into the past

Thinking why we just didn't get it right to it

We had to tear away

Because we feared our love was shaking us

Our hearts were taking us higher and higherOur work was second to none

But we got in the way

Career plans were busted

Our lives were thrusted with passion and fireNow that all is said and done

I didn't think at all

That I would still feel the same

Will you respondI wanna

Do u wanna

Touch me

Like I wanna touch you

I wanna

Do U wanna

Feel me

Like I wanna feel youIt's been so long since you've been near

You've had plenty of time to clear the mind

Plenty of time for you to find just what you want

But there's one element that you're missing

Further around down the mind

Baby don't you know who you could be kissingOur work was second to none

But we got in the way

Career plans were busted

Our lives were thrusted with passion and fireWe've been together as friends

3 But did you think at all

That you would still feel the same

Would you respondI wanna

Do u wanna

Touch me

Like I wanna touch you

I wanna

Do U wanna

Feel me

Like I wanna feel youI wanna

Do u wanna

Touch me

Like I wanna touch you

I wanna

Do U wanna

Feel me

Like I wanna feel youPeople do U wanna Yeah
It's the capital funk (What's that?)
It's the capital funk (What's that)I wanna

Do u wanna

Touch me

Like I wanna touch you

I wanna

Do U wanna

Feel me

Like I wanna feel you
