Cheese

30 Foot Fall

1-2-3-4

Gonna go see a punk show tonight,
I gotta a heart full of love it's gonna be alright.
Waving my fist and moving my ass,
See the band falling over broken glass.

Why did I have to write this stupid punk song.
Why did she think she was so cool after he died.
Why did I get this fucking ugly tattoo.
Why'd I eat those fucking cheese enchiladas.

Omaha hard guy sends for me,
Says I've been freed and now I agree.
Spiderman needed company.
The gentrified navy saying 1-2-3.

Rebelling is rebellion, rebelling is abominy.
British are coming making eyes, you fuckin' try to
Guess there's only one thing left to do -
Get in their face and tell ya straight out; FUCK YOU.

This is to you, so far beyond.
A bar fight - never right - save the gun.
I got a great big fuck on city hall.
Running butt naked to the local mall

Why did I have to write this stupid punk song.
Why did she think she was so cool after he died.
Why did I get this fucking ugly tattoo.
Why'd I eat those cheese enchiladas.

Gonna go see a punk show tonight,
I gotta a heart full of love it's gonna be alright.
Waving my fist and moving my ass,
See the band falling over broken glass.
