Already know what I want

Fuck all that beat around tha bush
Make up yo mind bitch do what you don't 9 times out of 10Them jackers sit here probably you don't
I'd rather pull a bitch drowns to the side and smell here funky
Pussy stunk, I ain't tripping on the stupid
I'd rather have a good time in this bitchTrying to get my smoke on what you got cigarettes
(Ah, that's it the bitch got to be stopped hold)
I still got a guard left over from last night
Damn I like to forgot, I don't blow no joesBut inhale some weed smoke, I'd rather be hitting you from the back
If you really don't know she said my periods down
It a be gone in a minute then she said, I thought you had some weed
Then tha bitch said let me hit itLet me hit, let me hit
(Let me hit it, let me hit it)
Let me hit, let me hit
(Let me hit it, let me hit it)
Let me hit, let me hit
(Let me hit it, let me hit it)Let me hit, let me hit
(Let me hit it, let me hit it)
Let me hit, let me hit
(Let me hit it, let me hit it)
Let me hit, let me hit
(Let me hit it, let me hit it)Let me hit, let me hit
(Let me hit it, let me hit it)
Let me hit, let me hit
(Let me hit it, let me hit it)
Let me hit
(Let me hit it)
